

HydroSpace Group Inc. Acquires CalAquaria

Expanding Possibilities in Acrylic Fabrication: Domes, Cylinders, Tanks

FONTANA, CA – HydroSpace Group Inc. proudly announces its acquisition of CalAquaria. CalAquaria customers gain access to HydroSpace Group's extensive resources, and its team of seasoned designers, engineers, and builders. As a division of HydroSpace, CalAquaria offers unparalleled solutions in design and fabrication, enabling clients to conceptualize and build ambitious projects with precision and quality. www.CalAquaria.com

"This acquisition represents a significant step forward," said Will Kohnen, president/CEO of HydroSpace Group Inc. "By combining our technical expertise and resources we plan to set new standards in the acrylic fabrication industry."

CalAquaria is a trusted name in acrylic aquariums, renowned for delivering custom solutions that range from simple rectangular tanks to highly intricate designs limited only by imagination. Whether clients need economic options or exhibit-quality aquariums, CalAquaria works with varying budgets and timelines. CalAquaria provides a suite of complementary services, including:

- **Tank Repair & Refurbishment**
- **Custom Aquariums:** Acrylic, Fiberglass, and Stands
- **Professional Bonds:** Crystal View™ Ultra (CVU™)
- **Chemical Bond Options:** Museum, Deluxe, and Standard

HydroSpace Group Inc. is a globally recognized engineering firm with over 30 years of experience in design, manufacturing, testing, certification, and regulatory compliance. www.HydroSpaceGroup.com HydroSpace Group has a reputation for innovation and reliability across several core areas including:

- **Pressure Vessels for Human Occupancy (PVHO):** Advanced solutions for aerospace, subsea, medical, and other exacting environments.
- **Submarines Vehicles and Electric Drive Systems:** High-performance motors, actuators, electronic controls & robotics.
